

HEAD LIKE A KITE**5**

ALBUM: *Random Portraits Of The Home Movie*

(PATTERN 25; pattern25.com)

WHO? Sushirobo guitarist Dave Einmo's new project, which juxtaposes Super

8 home movie samples with a little help from members of Klnski, Smoosh and Crooked Fingers.

SOUNDS LIKE? Gorgeous pop melodies combined with electronica bleeps and, of course, plenty of lo-fi samples.

HOW IS IT? Normally we'd dismiss this type of disc as a vanity project, but *Random Portraits* is so musical and listenable, this disc is anything but.
